GENERAL REMARKS.

During the present fiscal year the Provisional Charters were granted to 4 companies (1 existing and 3 new companies) with a total mileage of 93 miles and 40 chains and an aggregate capital of 5,200,000 *yen*; 8 cases of applications for provisional charters were rejected with a total mileage of 237 miles and 62 chains and an aggregate capital of 15,250,000 *yen*. Eighteen provisional charters granted to 18 companies (3 existing and 15 new companies) with a total mileage of 354 miles and 34 chains and with an aggregate capital of 15,442,300 *yen* became void so that at the end of the present year there are 27 provisional charters granted to 27 different companies (4 existing and 23 new companies) with a total mileage of 793 miles and 36 chains and with an aggregate capital of 47,150,000 *yen*.

The Definite Charters were granted to 3 companies (2 existing and 1 new companies) with a total mileage of 7 miles and 34 chains and an aggregate capital of 246,980 *yen*, and 6 companies were wound up with an aggregate mileage of 244 miles and 75 chains and an aggregate capital of 15,230,000 *yen*. Of these, 3 companies with a total mileage of 96 miles and 66 chains were amalgamated with other companies so that at the end of the present fiscal year there are 50 joint stock railway companies with a total mileage of 3,810 miles and 70 chains and an aggregate capital of 274,165,000 *yen*.

The total mileage of the Government and the Private Railways was 5,854 miles and 46 chains (of these, 2,043 miles and 56 chains belong to the Government and 3,810 miles and 70 chains to the Private); and the aggregate capital of the Government Railways was 186,603,544 *yen*, and that of the Private, 274,165 000 *yen*, making in all 460,768,544 *yen*.

Of the above mentioned total mileage 4,026 miles and 16 chains are open to traffic (the Government lines are 1,059 miles and 48 chains, and the Private, 2,965 miles and 48 chains) and the cost of construction of these lines amounted to 303,394,254 *yen* (of which 100,590,209 *yen* belong to the Government and 202,804,045 *yen* to the Private lines). Compared with the corresponding figures of the previous year, it shows a decrease of 249 miles and 3 chains in the total mileage, and a decrease of 639,379 *yen* in the total capital, and an increase of 171 miles and 11 chains in traffic mileage and an increase of 26,590,352 *yen* in the cost of construction of lines open to traffic.

The rolling-stock comprised 1,350 locomotives, 4,529 passenger carriages and 19,774 goods wagons. Compared with the corresponding figures of the previous year, locomotives show an increase of 71, carriages of 113, wagons of 1,483.

The running mileage of the locomotives was 34,137,514 miles. Fuel consumed was 1,329,948,838 pounds of coal, 28,892.438 *koku* of crude petroleum and 8,154.506 *koku* of oils, costing in all 4,000,573 *yen*. Compared with the corresponding figures of the preceding year, the running mileage of the locomotives shows an increase of 2,186,967 miles or 6.8 per cent, and the amount of coal consumed shows an increase of 117,836,929 pounds or 9.7 per cent, that of crude petroleum a decrease of 4,445.035 *koku* or 13.3 per cent., and that of oils, a decrease of 2,853.390 *koku* or 25.9 per cent.

The total running mileage of trains was 30,433,500 and that of carriages and wagons, 438,520,900. Compared with the corresponding figures of the preceding year the train mileage shows an increase of 1,789,689 or 6.2 per cent and the running mileage of carriages and wagons, an increase of 14,366,875 or 3.4 per cent.

The number of passengers carried was 111,211,208 and the passenger mileage was 1,899,253,377 and receipts from passenger traffic were 27,587,804 *yen*. The tonnage of goods carried was 14,409,752. The ton mileage was 791,106,994 while freights thereof amounted to 17,597,977 *yen*. Compared with the corresponding figures of the previous year, the number of passengers shows a decrease of 2,499,663 or 2.2 per cent., that of passenger mileage, a decrease of 3,788,737 or 0.2 per cent., that of receipts from passenger traffic, an increase of 1,046,342 *yen* or 3.9 per cent., that of tonnage of goods, an increase of 8,232 or 0.1 per cent., that of ton mileage, an increase of 58,608,296 or 8.0 per cent., and that of freights, an increase of 2,171,809 *yen* or 14.1 per cent.

Traffic receipts at the end of the year covered by the report amounted to 48,404,547 *yen* and the traffic expenses to 23,439,177 *yen* leaving the balance of 24,965,370 *yen*.

Compared with the corresponding figures of the previous year, receipts show an increase of 3,470,153 *yen* or 7.7 per cent., expenses, an increase of 2,715,913 *yen* or 13.1 per cent. and profit, an increase of 754,240 *yen* or 3.1 per cent.

The above is a resume of railway working during the year under review. Particulars will be mentioned under respective headings.

The following table gives in detail the capitals and their disbursements of private railway companies in operation :—

In the preceding sections, tabular statements given were always for the fiscal year, but in the following ones the returns are given either for the fiscal year or the calendar year. Thus 13 companies of Nippon, Sōbu, Bōso, Kyōto, Hokuyetsu, Nishinari, Dzūsō, Ganyetsu, Ryūgasaki, Jōbu, Mito, Iyo, and Hokkaidō-Tankō use the calendar year, others using the fiscal year.

LOCOMOTIVE AND TRAIN RUNNING.

The engine-mileage run in the fiscal year by the Government and Private railways was 34,137,514, being an increase of 2,186,967 over the preceding year. Consumption of fuel for the above was 1,329,948,838 pounds of coal and 28,892,438 gos (1 go = 0.0397 gallon) of crude petroleum, being an increase of 117,836,929 pounds and a decrease of 4,445,035 gos respectively. Oil and grease of 8,154,506 gos were also consumed, a decrease of 2,853,360 gos.

There were also train-mileage of 30,433,500, passenger-carriage-mileage of 204,617,362 and goods-wagon-mileage of 233,903,538 run, being an increase of 1,789,689, 7,718,096 and 6,648,779 respectively.

The average number of trains run per mile per day was 21 and the average number of carriages and wagons composing a train was 14.4, being 6.7 carriages and 7.7 wagons.

The following tables show them in detail :—
